Education

Seoul National University Mar. 2025 – Expected Feb. 2029
B.S., Computer Science and Engineering
College of Liberal Studies (자유전공학부) Seoul, South Korea

Daejeon Dongsin Science High School Mar. 2022 – Feb. 2024

Experience

Incoming Research Intern — DSAIL, KAIST Dec. 2026 – Feb. 2027 (scheduled)
Advisor: Prof. Chanyoung Park.

AI Engineering Intern — IntelliSys, Seoul Sep. 2026 – Dec. 2026 (expected)

- Built a RAG application for research administration, designing retrieval that follows regulatory cross-references and searches attachments for applicable definitions, exceptions, and effective dates.
- Reconstructed follow-up queries to preserve user corrections and prevent unrelated context from carrying over when the topic changed.
- Built evaluation sets pairing questions with supporting evidence. Ran controlled comparisons of retrieval strategies and model configurations, tracing failures from candidate retrieval through reranking and answer generation.

Projects

Simply5x5 — iOS Workout Tracker Sep. 2025 – Present

- Built and released an iOS strength-training app on the App Store, implementing automatic progression, deloads, Gemini feedback, and HealthKit workout logging.
- Reached **1,620 total App Store downloads** as of Nov. 5, 2026.
- Selected for SNU's Spring 2026 Computer Programming Extra Project showcase.

Tram Route Modeling — High-School Team Project 2022
Modeled proposed tram-route coverage in Daejeon using logistic regression in R; collected and cleaned demographic and transit data and visualized relationships in Python.

Skills

Programming: Python, C, C++, Java, Swift
Languages: Korean (native); English (TEPS 444)

Teaching

Teaching Assistant — Basic Computing: First Adventures in Computing, SNU Sep. 2026 – Present
Tutor students one-on-one in programming and debugging; give feedback on project proposals and presentations.

Teaching Assistant — Freshman Seminar, SNU Mar. – Jun. 2026
Guided first-year students through discussions and collaborative assignments on research safety.

Selected Coursework

Completed: Linear Algebra, Computer Programming (A+), Computing Core: Data-Centered AI (A+), Statistics (A+), Logic Design (A+), Discrete Mathematics.
In progress, Fall 2026: Data Structures, Computer Architecture, Deep Learning, Engineering Mathematics 2 (Probability and Computing).

Honors & Awards

Shilla Cultural Foundation Scholarship 2026
Three-year scholarship.
SNU Tuition Scholarship 2026
Donggok Lee Yong-hee Scholarship 2025
Gwanak-gu Mayor's Commendation 2025
Outstanding SAM (SNU Active Mentoring) mentor.
